DEMOCRATS ELECT ENOUGH SENATORS TO HAVE MAJORITY

Woman Suffrage Carries in Kansas, Arizona, Michigan and Oregon, Losing Wisconsin

WILSON NOW CERTAIN OF 387 ELECTORAL VOTES

Estimates of Popular Vote Range from Few Thousand Democratic Majority to About a Million Less Than Majority

(By Associated Press.)

New York, Nov. 6.—Only the uncertainty of a few of the close states where the electoral vote can affect in now way the election of Wilson and Marshall, and speculation over the popular vote of the three presidential candidates and the complexion of legislators that will name United States senators held interest tonight in the final returns of the general election.

The total republican electoral column is apparently fixed at the 12 votes of Utah, Idaho and Vermont, but the footing of the Wilson and Roosevelt columns flickered alternately as the late returns from Iowa, Kansas, Minnesota, South Dakota and Wyoming gave indications of a change from the results of yesterday.

On the basis of the latest returns early tonight with the above five states in the doubtful column, President-elect Wilson had 387 certain votes in the electoral college, Roosevelt 89, and Taft 12. The doubtful states, except South Dakota, gave signs of going to Wilson, while South Dakota seems for Roosevelt.

Woman's suffrage was successful in four of the five states where constitutional amendments were submitted. The victory of the women was complete in Kansas and Arizona, and probably in Michigan and Oregon, while Wisconsin defeated the proposal.

Estimates of the popular vote polled by Wilson range from a small majority of all the votes cast to a million less than a majority. This, however, will not affect the electoral college.

Early today New Hampshire, first credited to Taft, went for Wilson by a majority of 1500.

Roosevelt's lead in Chicago is larger than Wilson's in the state and Illinois goes for the strenuous one.

Kansas, which was conceded to Roosevelt last night, showed Wilson leading by a narrow margin tonight. Wilson also has the best of the situation in Iowa and Minnesota.

DEMOCRATS INCREASE STRENGTH IN HOUSE.

(By Associated Press.)

Washington, D. C., Nov. 6.—With twenty-five districts unreported, the returns indicate that the House of Representatives will be made up as follows: Democrats 284, Republicans 114, Progressives 12.

The Democratic total gives sixty-five more members than are necessary for a majority and fifty-three more than the Democratic membership in the last Congress.

DEMOCRATS WILL ALSO CONTROL SENATE.

(By Associated Press.)

Washington, D. C., Nov. 6.—That the Democrats would control the Senate almost became a certainty late tonight when only the probable loss of West Virginia stood in the way of success.

Even should they lose West Virginia, it is indicated that the Democrats will still have a majority.

WILSON'S ELECTION IMPROVES BUSINESS.

(By Associated Press.)

New York, Nov. 6.—After an early period of uncertainty, the stock market forged upward on a large volume of business today, recording net gains of from two to four points in many issues.

To what extent the rise was prompted by the election is a matter of conjecture, but it is noteworthy that the market was at its best when the statement, accepted by the financial market as most reassuring, was issued by Wilson.

TAFT TAKES MATTER PHILOSOPHICALLY.

(By Associated Press.)

Cincinnati, O., Nov. 6.—President Taft did not forget his philosophy when he realized he was badly defeated. He said to a friend: "We have got to find some comfort in this. I'll be very glad to ride down Pennsylvania Avenue with Wilson. It wouldn't be so easy if things had been different, but I would have taken the ride just the same."

MARSHALL PERFORMS REGULAR DUTIES.

Indianapolis, Ind., Nov. 6.—Vice-president-elect Marshall was at his office in the state house today attending to his duties as Governor of Indiana as usual.

The Governor's term expires next January and he will remain in office until then.

TITLES THAT APPEAR IN THE WAR NEWS

Washington, D. C., Nov. 6.—An attaché of the Turkish embassy here offers the following information concerning Ottoman titles to aid American readers in digesting the news from the seat of war in the East. To begin with, it must be understood that all American prefixes, such as "Mr., General, Governor," etc., become affixes in Turkey, the title following the name of the individual instead of preceding it.

A Caliph ranks next to the Sultan, being a prince of the royal line, with the added distinction of being "Mahomet's representatives."

Next, in the Turkish religion, comes Chek-Ul-Islam, or the lead of the Mahometan faith.

Imam is the title by which a priest is commonly addressed.

Pasha is the highest title within the gift of the sultan. It is bestowed chiefly upon men who attain distinction in the arts or commerce.

The word "Bey" affixed to a Turkish surname signifies that the wearer is distinguished in the service of the state.

The term "Effendi" implies that the man so addressed is superior to the average man in birth, breeding and education, although not of the same high rank as a "Bey."

The Grand Vixior, or Saderazam, is the premier of the cabinet and the highest of the government civil officials.

ATTORNEYS FOR PROSECUTION REFUSE TO WAIVE THEIR RIGHTS.

HEARD NEXT WEDNESDAY

NO POSSIBILITY FOR SNEED TO REGAIN HIS LIBERTY BEFORE STANDING TRIAL AT FORT WORTH

(Special to Daily News.)

Austin, Texas, Nov. 6.—A motion for a rehearing was filed today in the Court of Criminal Appeals in the case of John Beal Sneed, the motion being presented by former State Senator Odell, one of the attorneys for the prosecution.

One week ago today, the court reversed the judgment of Judge Brown of the District Court of Potter County and fixed Sneed's bail at \$20,000 and while the assistant attorney general was willing to waive the motion for a rehearing, the prosecution insisted on filing the motion. It is not likely the court will act on this motion before next Wednesday, two days after Sneed will have been rearraigned before the District Court of Tarrant County, charged with the murder of A. G. Boyce, Sr. at Fort Worth.

COUNTY RESULTS SHOW SURPRISES

SOCIALISTS POLL HEAVIER VOTE THAN THE REPUBLICANS

(By Associated Press.)

With exception of Precincts 5 and 7, St. Francis and Lee's Ranch, returns from all voting boxes in Potter county were delivered to the county clerk. The two outlying boxes are expected today, when a full summing up of the county vote will be made possible.

Returns in hand are from the six city boxes and Hill's schoolhouse. They show a total vote cast for presidential electors of 1018 and for governor 1028. Upon the latter vote the county's representation in the next state convention will be based.

Notable features of the county election, as shown by the returns, are that the Socialist candidates for electors outran the regular Republican ticket, and that a heavy vote was recorded against the amendment providing for creating of prison commissioners with a term of six years. The fourth amendment, providing for increase in Confederate pensions, received the heaviest vote.

The vote from the seven precincts reporting is given below. The amendments are numbered in the order in which they appeared in the ticket. Number One provides that cities of more than 5000 inhabitants shall vote or amend charters at will. Number Two for six years term for prison commissioners. Number Three for regulation of terms of boards of regents of University and trustees of eleemosynary institutions. Number Four for increase in Confederate pensions.

In the appended vote only those county and precinct offices are included, where there was opposition to the Democratic candidate. All opponents were Socialists.
